OBJECTIVE

Skilled product + project manager with strong design background and over 5 years of experience seeking an opportunity to apply management skills and design/technical knowledge in a team leadership position with an innovative company.

EXPERIENCE

November 2012 – Present

Aircraft Covers, Inc.

Product, Design, and IT Manager

- Product Manager and Lead Designer for “Red Gear” line of products serving 650+ types of aircraft and over 4000 distinct products.
- Worked directly with industry-leading aerospace firms such as Boeing, Northrop Grumman, Bell Helicopters, Cirrus Aircraft, Embraer, and others to develop and produce custom OEM products for their customers.
- Oversee large team of sales reps, designers, and manufacturing personnel to provide consistent, high-quality, custom products to customers/clients
- Designed + developed custom sales interfaces, product management/tracking solutions, accounting systems, and shipping tools used across the company by collaborating with and observing users and assessing their needs.

March 2011 – November 2012

Zetterre Landscape Architecture

Project Manager

- Responsible for the development of design + construction documentation on numerous multi-million-dollar construction projects.
- Coordinated with other architects, engineers, artists, fabricators, local officials, and contractors to ensure project completion and quality.
- Acted as liaison between client, contractors, and local building authorities to facilitate implementation of client’s vision with minimal confusion, cost, or delay.

July 2010 – March 2011

Landsystems Landscapes

Designer

- Lead designer and client liaison on several large-scale residential construction projects.
- Worked closely with in-house construction team to develop cost-effective, high-impact strategies to accomplish client’s vision.

July 2009 – March 2010

Getting Native PBS Documentary Series

Production Assistant

- Developed graphics + visuals, edited video, oversaw filming, managed necessary permitting and release paperwork, and coordinated DVD publication.
- Developed accompanying educational, interactive website for series.

TECHNICAL SKILLS
